

Baudot-Zero

Design by Allermuir

Baudot is a beautiful example of where form meets function. As well as making a visual impact in any area, the range can also be used in acoustic landscaping, as a solution to noisy environments such as open plan offices, atria and hospitality.

Freestanding and wall mounted options can be specified to achieve a variety of fun looks.

BDZ1

Design Allermuir

Our team of talented in house designers are responsible for creating elegant, innovative furniture designs which not only look beautiful, but minimise the impact on the world around us.
