

Furniture Recycling

Sustain[®] *by* The Senator Group

What is Sustain?

Our £1.5m recycling facility Sustain, offers services to support you.

At The Senator Group, we start right at the beginning. We design with reduce in mind, we manufacture with reduce in mind, in fact just about everything is about reducing waste. When it comes to reusing and recycling, we have a secret weapon, an in-house, purpose-built recycling centre, called Sustain.

The Senator Group have been recycling since 2007. Fast forward to 2025, we are at the forefront of recycling practices through our Sustain recycling centre. This facility and its services are available to support you.

Let us help you on the journey to net zero.

What is Sustain's Furniture Recycling service?

Whether the furniture is separated and segregated into raw materials or in some cases donated by our Wishlist Scheme, our Furniture Recycling Service provides a solution for all end-of-life furniture.

Sustain not only recycles The Senator Group's furniture, we also take any furniture type to ensure it gets recycled and fed back into the supply chain.

How easy is it?

Very easy...

- Call us with your end-of-life furniture project requirements to receive a quote.
- We collect on returning vehicles and back-haul the furniture to Sustain.
- Once checked, anything with life left in it, and upon your approval, is added to the Wishlist Scheme.
- The remaining product is then separated and segregated into raw materials to go back into the supply chain.

Project Approval /

Arrange
Collection

We back-haul

RECYCLE

Materials go back
into the supply chain
and begin life as new
products or parts.

DONATE

Furniture is reuse
through the Wishlist
Scheme and donated to
a new deserving home.

What we can take

The Senator Group and Sustain manage many waste streams, in fact around 57 in total!

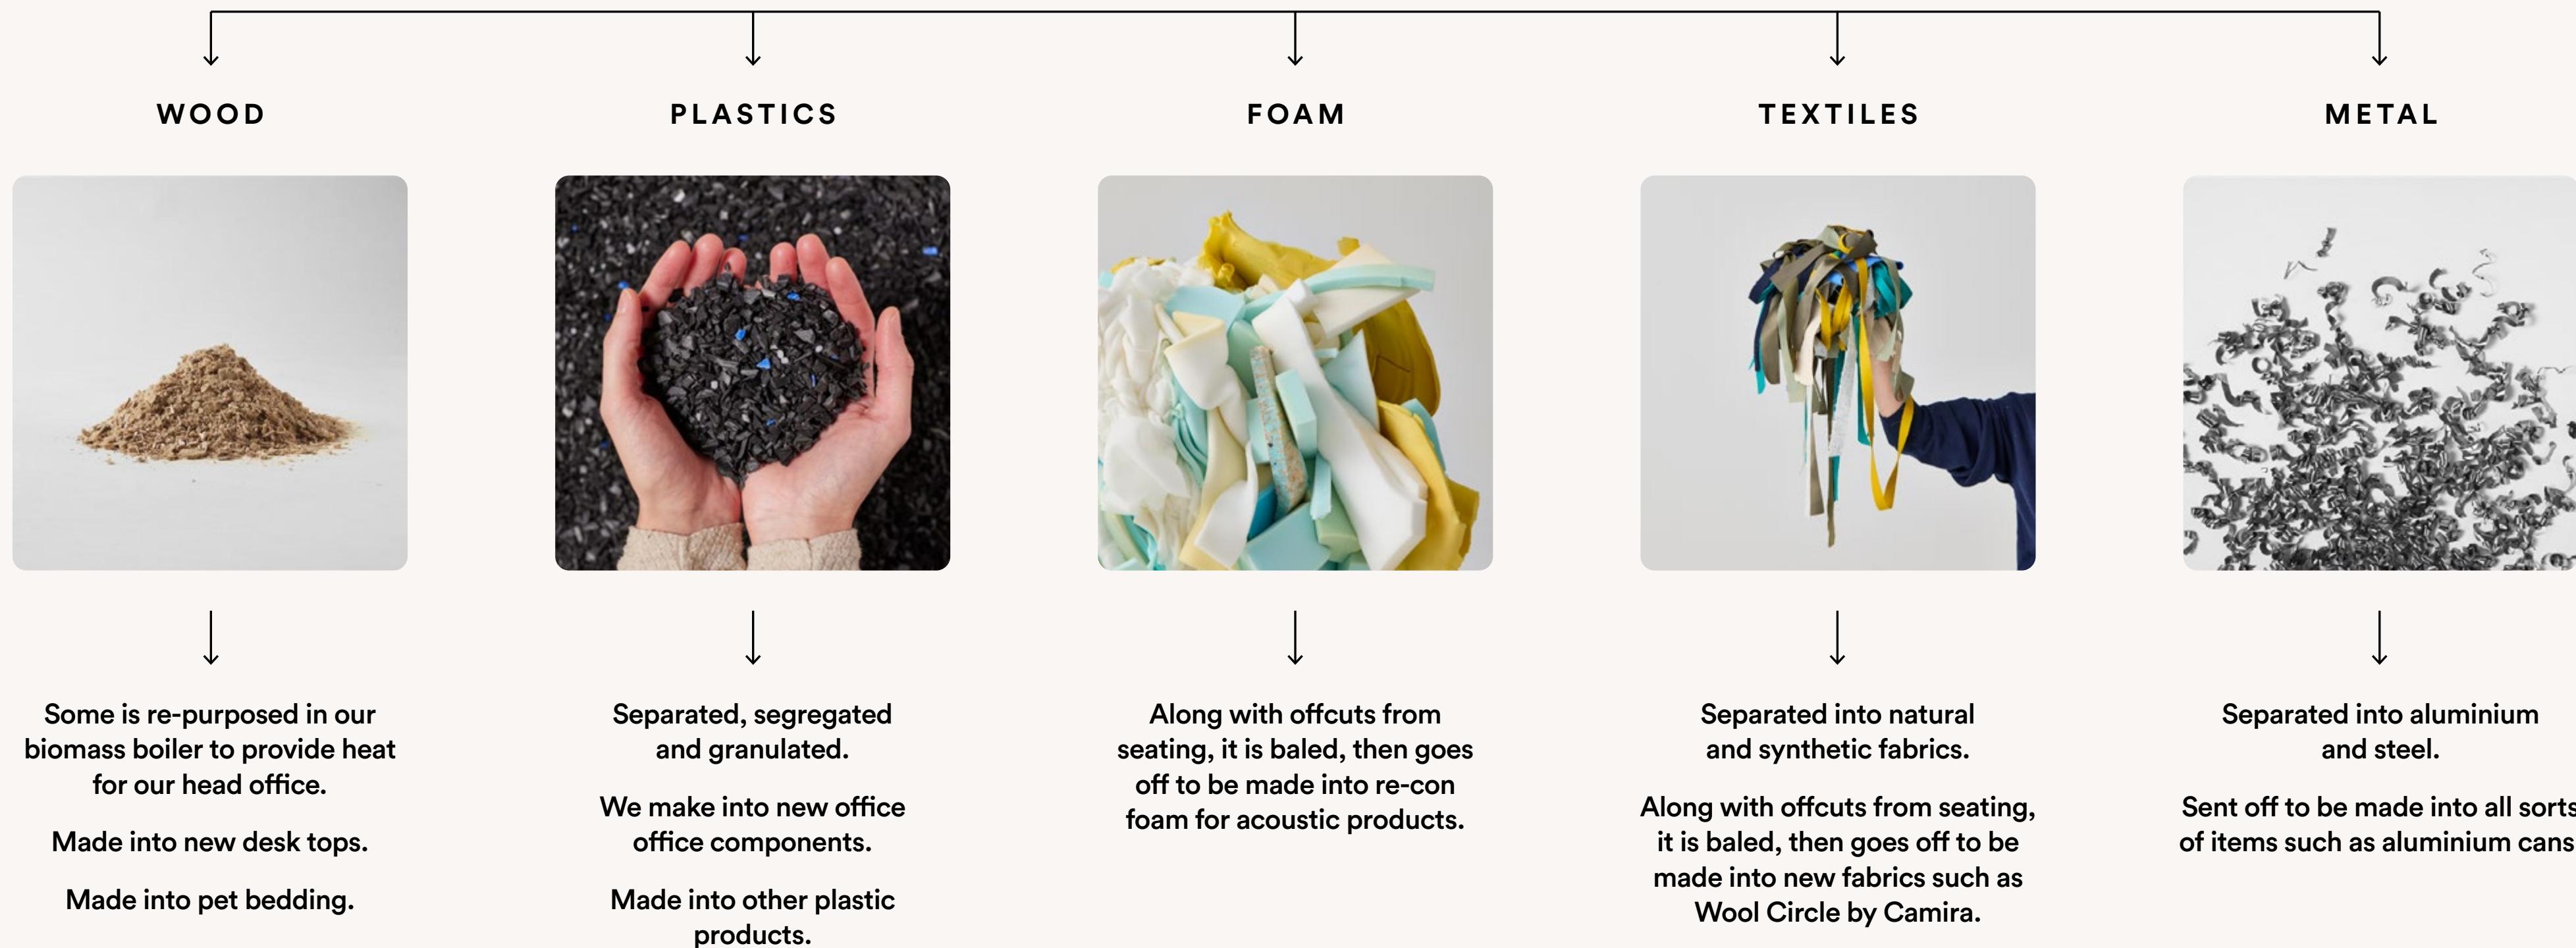

Here is a breakdown of all our End-of-Life Furniture waste streams, handled directly at Sustain...

END-OF-LIFE FURNITURE:

01. Foam	16. MDF Panels
02. Fabrics	17. Plastic Inserts
03. Leather	18. WEEE
04. Mechanisms	19. Cables
05. Arms	20. Sofa Frames
06. Gas Units	21. Sofa Cushions
07. Castors	22. Block Foam
08. Plastic Chair Back Shells	23. Injection Moulded Foam
09. Plastic Seat Shells	24. Foam Trim
10. Wooden Seat Panels	25. Recon Foam
11. Seat Frames	26. Desking Legs and Beams
12. Wooden Legs	27. Screen Panels
13. Metal Legs	28. Screen Fabric/Textiles
14. Star Bases	29. Screen Frames
15. MFC Panels	30. Table Legs

What happens to it?

The furniture is then broken down into five main waste streams and starts a journey back into the supply chain.

We donate some used furniture to worthy causes

Reusing as much as possible is important to us at The Senator Group, this is why we developed the Wishlist Scheme.

Not all the furniture we receive back at Sustain has truly reached the end of its life. Upon your approval, we ensure that these hidden gems find a new lease of life in a deserving home.

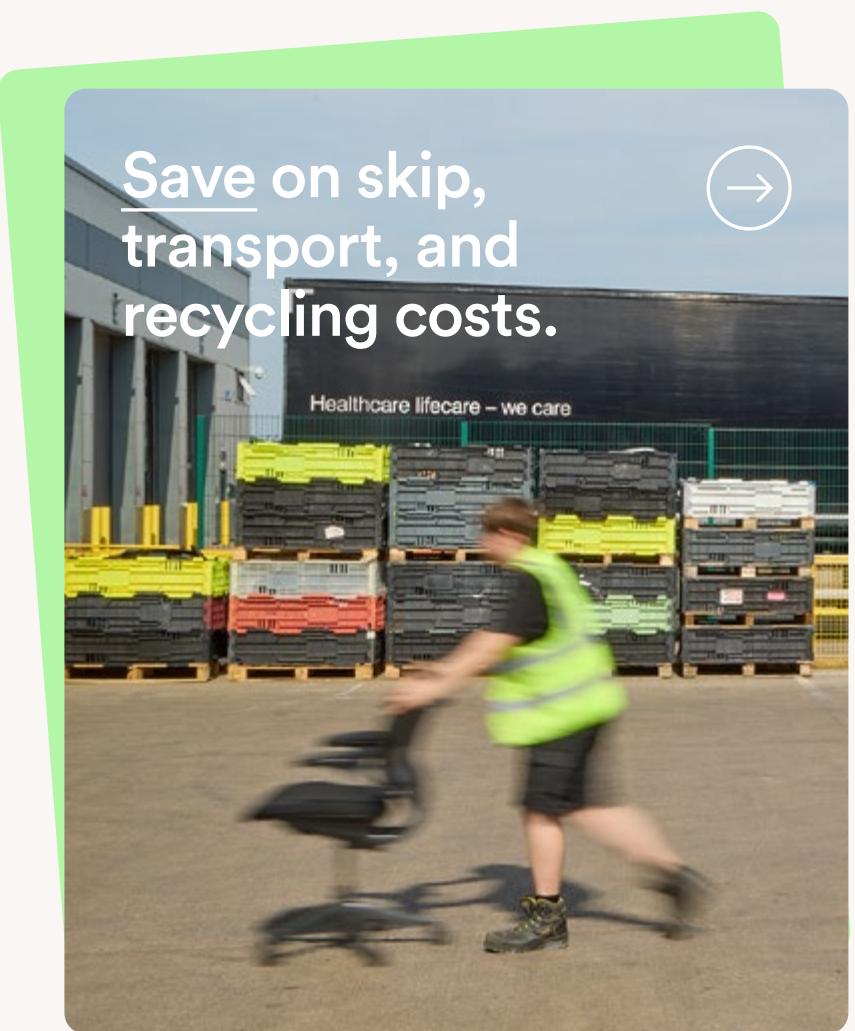

By participating in the Wishlist Scheme, you are joining a movement that values resourcefulness, community and environmental stewardship.

For any furniture we donate through our Wishlist Scheme, we provide you with the relevant information to contribute to your CSR.

Through Sustain, we can help you...

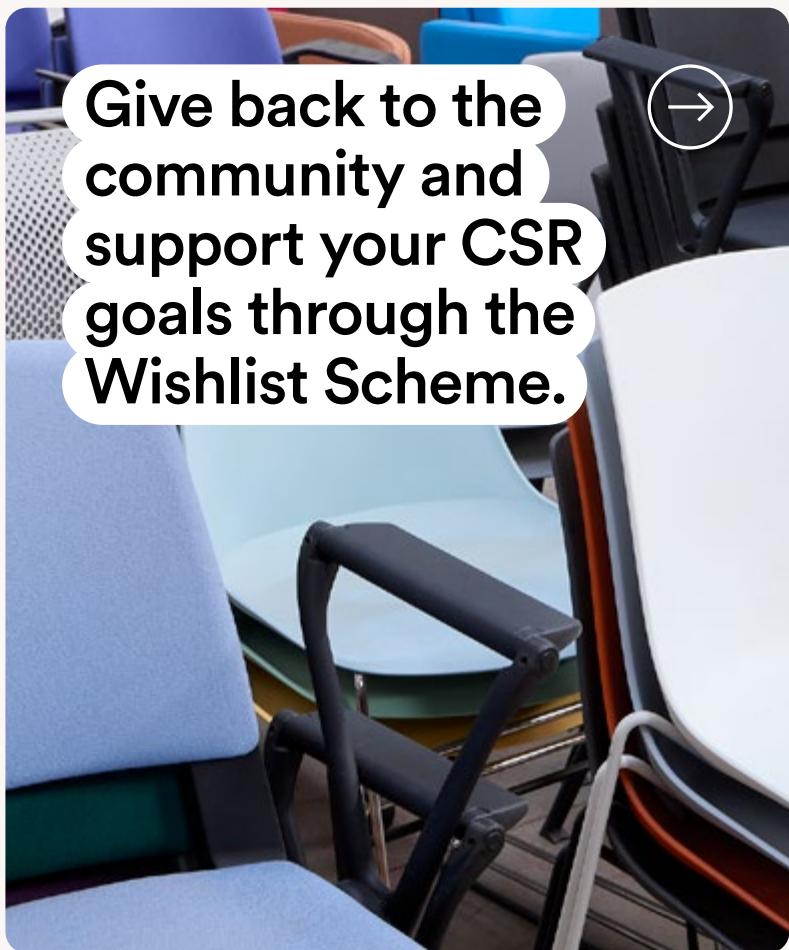

The team at Sustain are experts when it comes to all things recycling. They take the stress out of removing and recycling your end-of-life furniture and ensure that it is reused or recycled in the most efficient manner.

Save on skip,
transport, and
recycling costs.

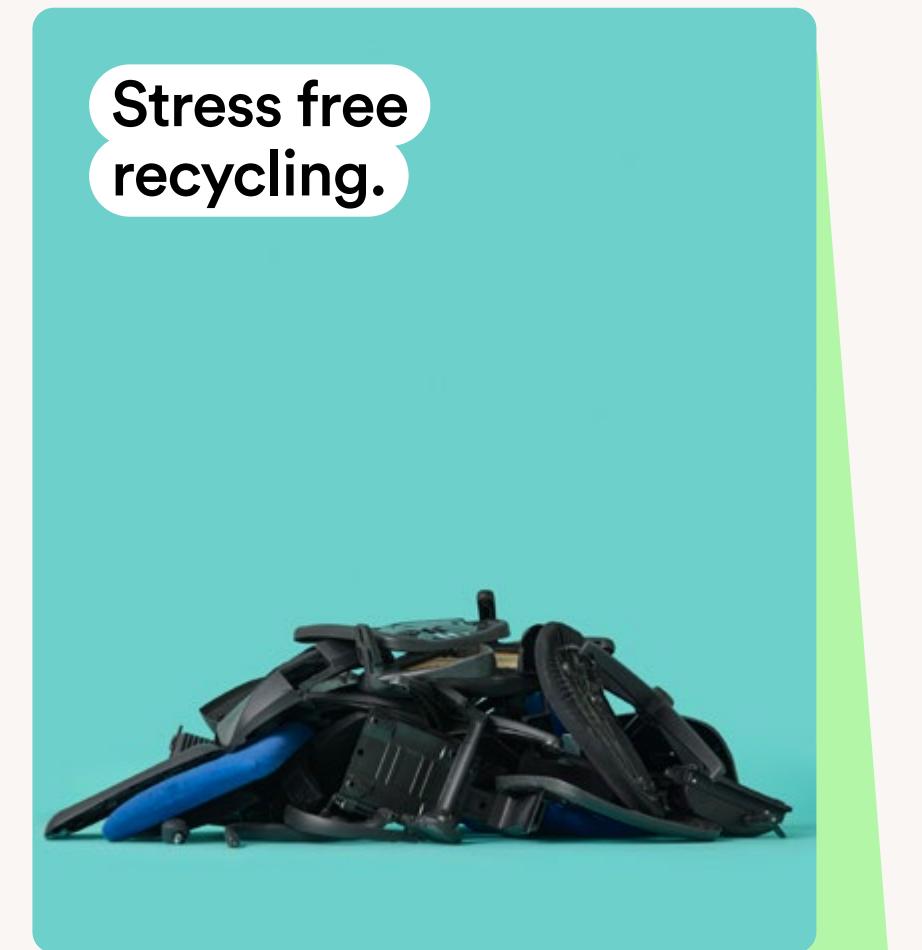

Give you full
compliance
and traceability
reporting on all
recycling.

Give back to the
community and
support your CSR
goals through the
Wishlist Scheme.

Save carbon
emissions by
back-hauling
your end-of-life
furniture.

Stress free
recycling.

Why should you use Sustain?

For every furniture recycling project we handle, we will provide you with a certificate of the total number of items recycled, the total weight, what was donated through the Wishlist Scheme, and your carbon emission savings.

This data can be used in many ways to support your business...

1. Supporting your ESG goals
2. Supporting your tender writing
3. Supporting your marketing efforts
4. Promote on your website
