

HideAway

Your place to zone out or tune in.

A place to focus

Isolation isn't about being alone but about having a space to get things done.

We have all embraced online meetings and calls so having a place dedicated to communicate with clients, suppliers and co-workers with the comfort that you have great acoustic privacy and are less likely to be disturbed is essential.

Privacy For Calls

Connect with your colleagues without disturbing the whole office.

Zone Out to Zone In.

Need to focus, the acoustic properties of HideAway enable you to zone in on your work.

Focus

Power, USB and
USB C enabled

Efficient
Ventilation

Private and
Individual Working

Architectural Features:

Integrated Lighting and Airflow:

As standard all HideAway's are provided with Energy Efficient Occupancy (PIR) activated LED ceiling light and ventilation fan.

A Home from Home:

Wall mounted 'floating' worksurface or table finished in MFC with integrated power.

Moveable:

The exterior design can be specified to your requirements from a selection of colours. The plinth can be removed to allow the fully built pod to be repositioned on the integrated castors.

A place for hybrid workers

There are times when you just need to get your head down and focus, this could be producing a report or document or for a longer video call with data being shared.

It can be supplied with an integral bench seat or a stand alone chair can be added. The work-surface provides ample room for a laptop, papers, whilst the connections allow you to hook up to a monitor and camera if you have them installed that create the perfect space for you to participate in a video call.

Privacy For Calls

Connect with your colleagues without disturbing the whole office.

Work Without Worry

Need to focus, the acoustic properties of HideAway enable you to zone in on your work.

Focus

Power, USB and
USB C enabled

Efficient
Ventilation

Private and
Individual Working

Architectural Features:

A Home from Home:

Wall mounted 'floating' worksurface finished in MFC with integrated power and HDMI connection to the wall mounted monitor.

Integrated Lighting and Airflow:

As standard all HideAway's are provided with Energy Efficient Occupancy (PIR) activated LED ceiling light and ventilation fan

Moveable:

The exterior design can be specified to your requirements from a selection of colours or drywipe to create additional collaborative spaces. The plinth can be removed to allow the fully built pod to be repositioned.

A place for collaboration

For many now time in the office is about reconnecting with your team, collaborating on a project the HideAway Meeting Pods provide an ideal space for small teams to gather privately, the fantastic acoustic performance allows them to focus on the work they are doing whilst not disturbing others in the office. The ability to add in an optional table or media screen allows ideas to be shared easily and also allows you to connect with remote team members so everyone is on the same page.

Privacy For Calls

Connect with your colleagues without disturbing the whole office.

Work Without Worry

Need to focus, the acoustic properties of HideAway enable you to zone in on your work.

Meet Freely

Meet together for pre-scheduled or ad hoc meetings in-person or online.

USB C enabled

Efficient
Ventillation

Private and
Individual Working

Architectural Features:

Thoughtful Design

The architectural detailing and finishes support the integrity of the design. The provision of lighting, airflow, worksurfaces and power support its functionality. The impressive acoustic performance gives you privacy.

Well Provisioned

The optional wall mounted meeting table provides a great place to work and its design allows everyone easy access.

Functional Exterior

The exterior panels can be specified in a range of colours and MFC finishes to compliment the interior or as dry wipe panels to provide additional collaborative space.

Zone Out or Tune In.

HideAway is a range of freestanding pods available in 2 - 6 people meeting pods, Telephone Booth and Hybrid Booth designed for privacy and collaboration.

HideAway is an effective solution to empower hybrid workspaces by giving users the acoustic and visual privacy to connect with online and offline colleagues.

HWY06 / HWY06S
Six Person
Available with and without seating

In detail

Telephone Booth One Person

Dimensions:

OH: 2215mm
OW: 1026mm
OD: 960mm

Weights:

HWY01 — 280Kg

Leveling:

Positioning castors and static position
Leveling feet within the base.

Product Code:
HWY01

Structural Framework:

Lightweight composite side panels with outer surface covered in Aluminium finished in standard EPC colour options

Glass Panels:

- Glass panels and door, 10.8mm laminated clear. Acoustic glass. Front and rear Aluminium Trims finished in Standard EPC colour options

Interior:

- Interior fabric clad acoustic tiles, upholstered in Camira Blazer with Acoustic fibre infill as standard.
- Flooring floor tiles, antistatic, available in two finish colours as standard
- Door hardware finished in Black finish

Lighting and Airflow:

- Energy Efficient Occupancy (PIR) activated LED ceiling light and ventilation fan
- Optional external occupancy light strip set in the side panels

Power:

- Twin USB A and C 30A power socket

Workstation:

- Wall mounted 'floating' worksurface finished in MFC. 1050mm.

Hybrid Work Pod One Person

Dimensions:

OH: 2290mm
OW: 1588mm
OD: 960mm

Weights:

HWY01H — 322Kg
HWY01HS — 335Kg

Leveling:

Leveling feet concealed behind removable base plinth

Plinth can be removed to enable the fully built pod to be repositioned with appropriate equipment

Product Code:

HWY01H / HWY01HS

Structural Framework:

Lightweight composite side panels with outer surface covered in Aluminium finished in standard EPC colour options

Glass Panels:

- Glass panels and door, 10.8mm laminated clear. Acoustic glass. Front and rear Aluminium Trims finished in Standard EPC colour options

Interior:

- Interior fabric clad acoustic tiles, upholstered in Camira Blazer with Acoustic fibre infill as standard
- Flooring floor tiles, antistatic, available in two finish colours as standard
- Door hardware finished in Black finish
- Optional Integrated Bench seating fully upholstered in Camira Blazer
- Optional: Can be specified without bench seat to allow a free standing task chair to be used (HWY01HS)

Lighting and Airflow:

- Energy Efficient Occupancy (PIR) activated LED ceiling light and ventilation fan
- Optional external occupancy light strip set in the side panels

Power:

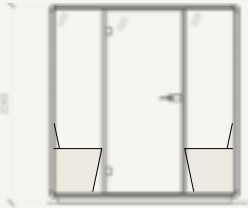

- 2x Power Outlet USB A and C 30A power socket

Workstation:

- Wall mounted 'floating' worksurface finished in MFC. 740mm.
- Wall mounted VESA plate to mount Monitor with integrated HDMI connections

Meeting Pod

Two person

Dimensions:

OH: 2290mm
OW: 2150mm
OD: 960mm

Weights:

HWY02S — 436Kg

Leveling:

Leveling feet concealed behind removable base plinth

Plinth can be removed to enable the fully built pod to be repositioned with appropriate equipment

Product Code:

HWY02S

Structural Framework:

Lightweight composite side panels with outer surface covered in Aluminium finished in standard EPC colour options.

Glass Panels:

- Glass panels and door, 10.8mm laminated clear. Acoustic glass. Front and rear Aluminium Trims finished in Standard EPC colour options.

Interior:

- Interior fabric clad acoustic tiles, upholstered in Camira Blazer with Acoustic fibre infill as standard.
- Flooring floor tiles, antistatic, available in two finish colours as standard
- Integrated Bench seating fully upholstered in Camira Blazer
- Door hardware finished in Black finish

Lighting and Airflow:

- Energy Efficient Occupancy (PIR) activated LED ceiling light and ventilation fan
- Optional external occupancy light strip set in the side panels

Power:

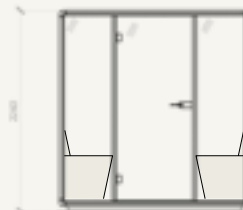

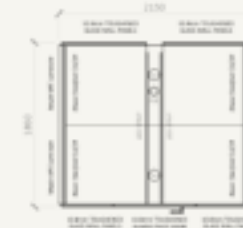

- 2x Power Outlet Twin Power Outlet USB A and C 30A power socket

Workstation:

- Optional internal work shelf.

Meeting Pod

Four Person

Dimensions:

OH: 2290mm
OW: 2150mm
OD: 1860mm

Weights:

HWY04H — 620Kg
HWY04S — 670Kg

Leveling:

Leveling feet concealed behind removable base plinth

Plinth can be removed to enable the fully built pod to be repositioned with appropriate equipment

Product Code:

HWY04 / HWY04S

Structural Framework:

Lightweight composite side panels with outer surface covered in Aluminium finished in standard EPC colour options

Glass Panels:

- Glass panels and door, 10.8mm laminated clear. Acoustic glass. Front and rear Aluminium Trims finished in Standard EPC colour options.

Interior:
